

1 (a) List three other numbers for

- the yellow part → multiples of 5
- the blue part → numbers greater than 50
- the green part → multiples of 5 **and** numbers greater than 50.

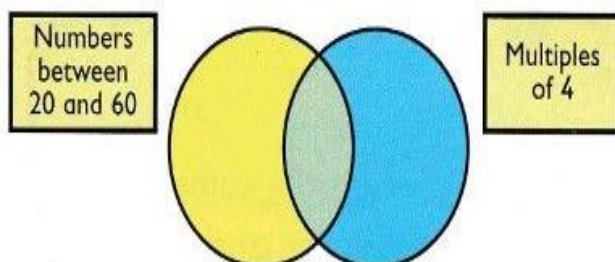

(b) In which part should 50 go?
Explain.

2 (a) List 8, 23, 32, 71 and 12 other numbers less than 80.

(b) Sort your numbers into two sets:

(c) Write your numbers on a Venn diagram like this:

(d) Which numbers did **not** fit inside the circles?
Why not?
